EXPERIENCE

10xFinders | Product Designer & Frontend Developer
New York, NY (Remote) | July 2020 - June 2022

- Utilized Adobe Suite to design product UI, brand guidelines, pitch deck for seed fundraising and other marketing materials.
- Employed React and Material UI to implement designs on over 20 components on 7 pages.
- Among 20 active users on the platform, led 8 meetings for user interviews, used remote collaboration tools including Google Suite, Github and Notion to communicate findings with the team, then redesigned or debugged pages with issues.

LovePop | Rendering Intern
Boston, MA | Summer 2019

- Assisted with design, development, and launch of brand line and B2B products.
- Utilized Rhino and V-Ray to 3D model and render 62 products, used for e-commerce and product packaging.
- Created a step by step modeling and rendering instructions to onboard future rendering positions.

La Montagne | Designer & Barista
Seoul, Korea | July 2016 - February 2017

- Assisted in applying business branding to a variety of media including menus and advertisements to promote the opening of La Montagne coffee shop.
- Managed various social media accounts and increased visitors by 10%.
